In the Matter of

NOTICE OF CONTINENTAL TELEPHONE)	
COMPANY OF KENTUCKY OF AN)	CASE NO. 9011
ADJUSTMENT IN ITS RATES)	

O R D E R

On March 27, 1984, Continental Telephone Company of Kentucky ("Continental"), by counsel, filed its Motion for Extension of Time (until May 14, 1984) to Respond to Data Request. The data request was set out in the Commission's Order entered March 23, 1984.

In support of the Motion it is stated that Continental cannot meet the Commission's directive that responses to the requests for information be filed on or before April 20, 1984, four days after the Notice and supporting exhibits are to be filed. The Motion states that the time schedule is an unexpected departure from previous Commission practice and places a burden upon its rate department which could not have been anticipated.

The Commission, having considered the Motion and being advised, is of the opinion and finds that while the Data Request Order entered March 23, 1984, is not a departure from previous Commission practice as alleged and is to be distinguished from the time schedule for Requests for Information included in the Order of Procedure entered by the Commission upon the filing of

the Notice, the Motion should be sustained to the extent that the time in which Continental should file the information in the Commission's Order entered March 23, 1984, be and it hereby is extended to the close of business April 30, 1984.

IT IS THEREFORE ORDERED That the Motion be and it hereby is sustained in accordance with the finding herein.

Done at Frankfort, Kentucky, this 11th day of April, 1984.
